

Edulastic

Students names are in Edulastic and you may begin setting up classes and making assignments.

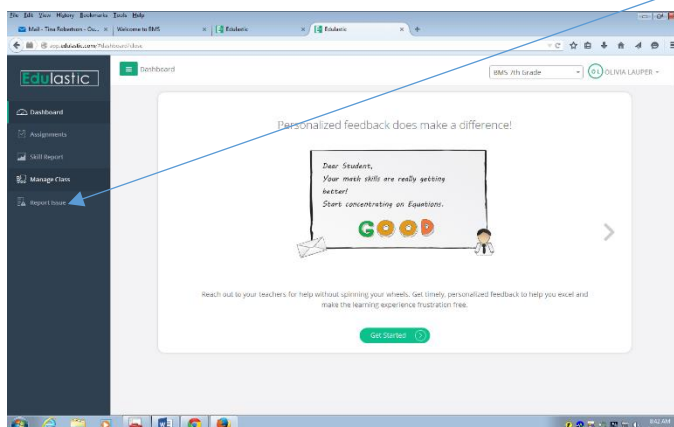

1. Log into Edulastic, if you do not have an account sign up for free.
2. To open the left hand menu click the *Dashboard* icon in the top left corner.
3. Move to *Manage Class* and click the add new class button.
4. Fill out the information on the form. (Placing the year in the class name may be beneficial as you cannot delete classes at this time without contacting the company.)
5. Do not add students at this time.
6. Once the class is created you will be given a class code. This is what you give the students for self enrollment

7. Repeat the above steps until you have all your classes made.

Enroll Student

1. Students go to Edulastic.com and click the log on option.
(Do not make an account, all students will be made an account through the tech coach)
2. Have students use their computer log on name and password to enter the program.
3. Have student open the dashboard and move to “Manage Classes”

Have student then click the “new class” option

4. Student put in the class code you were given when you made the class and join.
5. They are then ready to go to assignments to see their work.
